

Call for Presentations

Canadian Therapeutic Recreation Association 21st Annual Conference

May 24-26, 2017 ~ Kelowna, BC, Canada

The British Columbia Therapeutic Recreation Association (BCTRA) and the Canadian Therapeutic Recreation Association (CTRA) are proud to host the 21st Annual CTRA Conference. This conference will provide the opportunity to connect, network, learn and re-ignite your TR passion. Please join us this spring at the Coast Capri in Kelowna!

CONFERENCE THEME: “Gaining TRaction: growing stronger, growing together”

No longer an emerging field, Therapeutic Recreation is Gaining TRaction. In the beginning we came together and ‘Built Bridges’ to connect the profession. Over time we ‘Advanced and Thrived’; we ‘Celebrated Diversity’ and the ‘Power of our Process’ while working to ‘Secure our Future’ in Health and Wellness. We’ve yet to reach the ‘Summit of Success’ and still have ‘Oceans of Opportunities’ before us. Celebrate with us as we ‘Grow Stronger, Growing Together’. There is power in the process of assessment, research, multidisciplinary team approaches, diversity sensitivity, documentation, certification, advocacy, evaluation, standards of practice, and many other TR practices. Please help us share this power with professionals from across the nation.

The 2017 Conference Committee invites students, educators, therapists, and allied health professionals to submit presentation proposals relevant to evidenced based best practices; innovative programs, assessment; facilitation techniques, treatment interventions; management issues, theories/models; research; and other strategies that advance and develop the practice of the therapeutic recreation profession relating to our theme. Multidisciplinary team and other collaborative approaches for presentations are encouraged.

NOTE: Presenters are responsible for their own meals, accommodation, transportation, CEU fees, registration (at a reduced speaker rate).

Email submissions by midnight PST Friday, November 2nd, 2016
